PROFESSIONAL SUMMARY

Senior financial services executive with 17 years of experience leading enterprise transformation, strategic consulting engagements, and operational excellence at leading financial institutions. Currently leading Citi's highest-priority regulatory remediation and risk/control framework transformation. Known for translating complexity into clarity, driving efficiency through technology, and leveraging AI tools to automate workflows and develop training curricula.

EXPERIENCE

CITI

New York, NY

Senior Vice President, Citi Transformation Senior Lead (03/2022 – Present)

2021 - Present

Contractor / Consultant via Matrix Resources (09/2021 – 03/2022)

Enterprise Transformation: Serve as a key execution lead on the firm's **highest-priority strategic initiatives**, from regulatory Consent Order remediation to the transformation of the enterprise risk and control framework

- Developed and delivered **three strategic dashboards** for the CEO and Board of Directors, reconciling data sources and taxonomies across Citi's business lines and functions to deliver impactful insights required for executive decision-making
- Improved the quality and timeliness of regulatory remediation across Citi by designing and launching a **new senior oversight function** and committee to centralize governance and implement standardized requirements for all Matters Requiring Attention (MRAs)
- Established and oversaw implementation of new global standards for program and project management, strengthening unified oversight and controls for an **enterprise-wide portfolio of 15,000+ projects**
 - Recruited and managed a team of two direct reports and led cross-functional working groups to define and implement the standardized requirements for reporting and quality assurance
 - Secured on-time closure of **4+ critical regulatory commitments** by successfully validating sustainability of new and enhanced controls with firm risk and audit partners
- Overhauled the financial governance framework for a **~\$7.1B technology and business investment portfolio** through the design and implementation of new standardized requirements for cost estimation, tracking, and variance analysis, directly improving on-budget project delivery
 - Lead efforts to re-engineer data architecture for over 150 strategic investments to provide visibility into **~\$1.1B of investment spend**
 - Leveraged **AI-powered tools** to code and automate previously manual End User Computing (EUC) processes and author new streamlined procedures and guidance material
- Developed **AI-powered Citi Workspaces 102 training course** tailored to enterprise tool adoption, with automated scheduled tasks to check for tool updates and refresh content

MORGAN STANLEY

New York, NY

Assistant Vice President, Corporate & Institutional Solutions

2019 – 2020

Business Unit Strategy: Led a portfolio of projects to build and pilot a new business model targeted to the firm's ultra-high-net-worth end family office client segment, resulting in **~\$15B of new assets under management (AUM)**

- Designed and **launched a concierge service model** to meet the complex needs (e.g., onboarding, analytics, reporting) of the firm's largest wealth management clients
- Aligned leadership on the need for expanded trading products and capabilities; **advised on strategic decisioning** to build solutions "in-house" vs. via a third-party partnership
- Led efforts to pursue a strategic partnership with a leading global custodian bank; outlined partnership business requirements and oversaw the **RFP / third-party vendor** selection process
- Conducted field and interviews with the firm's top Financial Advisors to understand client pain points and prioritize firm resources towards key strategic opportunities and other critical matters
- Served as a **relationship manager to an early-stage startup** and technology partner, providing recommendations on app development and advising on business, risk, and regulatory considerations

TRELIANT, LLC

New York, NY

Senior Consultant, Wealth & Asset Management Advisory

2018 – 2019

Business Development: Worked with leadership to develop and launch an advisory practice for a PE-backed boutique consulting firm

- **Co-authored 3 white-papers** and identified 10 "go-to-market" campaigns for prospecting new business
- Managed risk and regulatory engagements which included oversight of over **40 contracted workers**

STRATEGY& (FORMERLY BOOZ & CO.) — PART OF THE PWC NETWORK

Chicago, IL

Senior Associate, Financial Services Strategy Consulting (07/2015 – 10/2017)

2014 – 2017

MBA Intern, Banking & Capital Markets Management Consulting (06/2014 – 08/2014)

Target Operating Model: Identified **~\$14M in run rate savings** for an international subsidiary of a leading insurance broker as part of a global cost and organizational restructuring effort

- Worked closely alongside the CFO and other senior leadership to construct a business case which modeled cost savings & investment required to centralize operations in both near and offshore sites
- Led multiple branch workshops to understand business process pain points and identify both "quick win" and technology-enabled solutions to optimize operations and increase savings

Market Segmentation: Created a customer segmentation and migration strategy for a large wealth management client, increasing advisor capacity & productivity by **~5%** and reducing fiduciary risk by **\$465M**

- Led working sessions with leadership to align on strategic objectives and define key guiding principles
- Designed processes, reporting and tools for financial advisors to review books-of-business, identify migration exceptions and maximize cross-sell opportunities to other areas within the bank
- Successfully executed the migration of **32,000 low-balance clients** to self-directed service channels

Client Experience & Change Management: Designed an end-to-end experience across the client lifecycle for a large wealth management firm, working with leadership to create stakeholder personas, customer journey maps and use cases

- Accelerated strategic objectives through the creation of a learning & development curriculum and segmentation of the financial advisory population, enabling more-targeted coaching and training
- Designed an oversight structure to strengthen accountability and align incentives to goals and metrics

Growth Strategy: Evaluated organic and M&A related growth opportunities for a leading online brokerage

- Conducted research and analysis to size an opportunity to capture **~\$2T in AUM** resulting from an industry shift of investible assets towards online and independent brokerage models
- Identified a preliminary list of potential acquisition targets to complement existing business capabilities and unlock additional growth, ultimately leading to the **\$4B acquisition of a competitor**

BNP PARIBAS CORPORATE & INSTITUTIONAL BANKING

New York, NY

Client Services Analyst, Commodities Brokerage (07/2010 – 05/2013)

2008 – 2013

Rotational Analyst, Trading Operations (07/2008 – 07/2010)

Operations & Process Optimization: Supported various trading desks middle / back-office functions as a new graduate rotational analyst

- Facilitated workshops for a Six Sigma initiative resulting in a realignment of the organizational structure of the Fixed Income Documentation Team, improving **trade processing time by ~10%**
- Developed process controls and VBA macros to reconcile erroneous trades, eliminating potential overnight risk exposure and standardizing reporting procedures to meet with regulatory standards
